Contribution of the Fire Department in the management of polytrauma patient

**9. 12.00-12.15**

Hospital Trauma Bay / Trauma Team: Infrastructure, Trauma team Roles, Function

**E. Fakari - P. Vassiliu**

**10. 12.15-12.30**

Early Diagnostic Procedures in Polytrauma Patient

**N. Kiriakopoulos**

**11. 12.30-12.45**

Strategies and Treatment of Brain Injuries in Polytrauma Patient

**S. Boviatzis**

**12. 12.45-13.00**

Clearing trauma patients for surgery? Which parameters are the best?

**G. Konstantoudakis - G. Massalis**

**13.00-13.30**

**Break-Light Lunch**

**Moderators: P. Papagelopoulos – V. Smirniotis**

**Part III : Priority of Care of Multiple Injured Patients**

**13. 13.30-13.45**

Practice of Trauma in South Africa and established overseas trauma fellowships

**E. Degiannis**

**14. 13.45-14.00**

Surgery in austere conditions

**G. Giannou**

**15. 14.00-14.15**

Orthopaedic Emergencies/Urgencies

**Mmampapatla Thomas Ramokgopa**

**16. 14.15-14.30**

Amputation versus reconstruction in the setting of severe lower extremity trauma.

**V. Kontogeorgakos**

**17. 14.30-14.45**

Emergency Thoracotomy Abdominal Packing & Pelvic Packing.

**P. Vassiliu**

**18. 14.45-15.00**

Open Fractures/Soft Tissue Management

**A. Mavrogenis**

**19. 15.00-15.15**

Which Spinal Fractures require emergency surgery?

**S. Pneumatikos**

**Closing Remarks**

**P. Vassiliu – P. Koulouvaris**
